

## Vision Care USA Welcomes Two New Board Members

### Dr. John Park

**Dr. John Park** started Edison Ophthalmology Associates, LLC in 2004 and is the lead surgeon on staff. He is a Diplomate of the American Board of Ophthalmology, Fellow of the American Academy of Ophthalmology and member of New Jersey Academy of Ophthalmology. Dr. Park has performed thousands of surgical procedures including cataract extraction, advanced multifocal implants, astigmatic intraocular implants, laser vision correction, corneal transplant (PKP and DSAEK) and glaucoma surgeries, yielding unparalleled surgical outcomes.

Dr. Park studied Molecular Biochemistry and Biophysics at Yale University before starting medical school training at UMDNJ– Robert Wood Johnson Medical School in New Jersey. He then completed ophthalmology residency at St. Vincent Catholic Medical Center– Brooklyn and Queens, where he served as Chief Resident and helped teach residents to manage complex cases. After the completion of residency training, Dr. Park pursued further fellowship training in Anterior Segment/Cornea/Refractive Surgery at the prestigious Tulane University Hospital and Clinic in New Orleans, LA.

### Dr. Grace Bai

**Grace Bai, MD** was born in Tennessee but soon after, her family moved to Korea where she spent the next 9 years. To this day, her fondest memories come from her times in Korea. In one particular, she recalls spending summers following her uncle, a general surgeon, making rounds at his clinic in Pusan. This ignited her desire to become a doctor. Dr. Bai attended Wellesley College, where she majored in Biology, minored in Piano and led her fencing team to the top ranks in New

England. A graduate of the medical school of SUNY at Syracuse, Dr. Bai completed her ophthalmology residency at St. Vincent's Medical Center in NY and a fellowship in Cornea and Refractive Surgery under Dr. Eric Donnenfeld in Long Island. There she was noted best surgeon in all the years of the program. In 2004,

Grace S. Bai, M.D.

Dr. Bai opened her private practice just outside Chicago, IL. She has been blessed with a busy ophthalmology practice serving both Korean- and English-speaking patients.

Dr. Bai believes in combining the state of the art technology with compassion and care for patients to not only help improve their vision but also better their quality of life. She is grateful that God has blessed her with the gift and the opportunity to serve her community for 16 years. She is excited to begin her collaboration with Vision Care USA in 2020, which will allow her to minister to many others beyond her community. And she predicts she will be most blessed through this experience. In her free time, she enjoys spending time with her family – her husband Tony and their two daughters Isabel and Abigail – to whom she is forever indebted for their support.
