

Give the Gift of Sight on this [#GivingTuesday](#)

Dear Supporters and Friends,

We send you our warmest greetings for health and safety during this global COVID-19 pandemic.

Through your support and prayers, since our establishment in 2002, we have been able to mobilize doctors and other medical volunteers to give the Gift of Sight to thousands around the world who are suffering from preventable blindness and visual impairment - transforming lives and communities.

Moreover, during the last 10+ years we have focused on our long-term capacity building work, by strengthening medical training programs through our local branch offices and enhancing the eye health infrastructure of our local partner hospitals.

And while we face numerous challenges due to the new COVID environment, we know that this is also an opportunity for us to continue to build the capacity of our local Vision Eye Camps, many of which are led by local Ophthalmologists trained through Vision Care.

On this **#GivingTuesday**, please help us raise \$20,000, of which 100% of the funds will be used to purchase much-needed cataract surgery instruments and PPE for our local Vision Eye Camps in Ethiopia, Nigeria and Morocco.

[Give Today](#)

\$20, \$50, \$100, \$150, or whatever amount you can give will help to continue our mission to Restore Sight and Share Vision in the New Year.

And we ask that you please share this campaign with your friends and family.

Thank you for your support!

Sincerely,

Vision Care USA

GIVING TUESDAY

December 1, 2020
