Local Doctor leads Vision Eye Camps in Mongolia

Last August and December, two local Vision Eye Camps were successfully held in Mongolia led by Dr. Batchimeg Battumur of the Seoul Eye Center in Ulaanbaatar. Dr. Batchimeg holds years of experience through our medical training programs and Vision Eye Camps. And these local Eye Camps were especially meaningful as they were performed exclusively by Mongolian ophthalmologists and nurses.

The first Vision Eye Camp was held at the Central Hospital in Byayn-Ulgii Aimag (115 eye exams/ 68 sight-restoring surgeries/ 40 pairs of eyeglasses) and the second was held in Choibalsan (70 eye exams/ 33 sight-restoring surgeries / 55 pairs of eyeglasses).

We would like to extend our appreciation to all our supporters who have made our local Vision Eye Camps possible, even during these challenging times.

Thank you!

Sincerely,

Vision Care USA
