Vision Care Leads Surgical Training in Ethiopia

Vision Care is committed to training local ophthalmologists through our **Phacoemulsification Training Course (PTC)** where our trainees develop surgical techniques through a curriculum of 4 phases. Traditionally completed within one year, our PTC includes both online and in-person surgical training in local hospitals.

In addition, Vision Care announced its first **Advanced Phaco Training Course** which will take place in Addis Ababa Ethiopia in June 2023.

Special thanks to our three US doctors, **Dr. Lisa Park, Dr. John Park, and Dr. Grace Bai** for leading the Ethiopia PTC this year!

Dr. Lisa Park at ASCRS Meeting

Vision Care continues to be recognized as a partner of the **ASCRS Foundation International Division**, where it was announced that Dr. Susan MacDonald will be stepping up as the new ASCRS Foundation Chair, succeeding Dr. David Chang after his 15 years of service.

And special thank you to our board chair, Dr. Lisa Park, for representing Vision Care USA at the recent ASCRS Annual Meeting held in San Diego!
