Vision Care USA during ASCRS Weekend (Boston)

Every year, we look forward to meeting both old and new faces during the annual American Society of Cataract and Refractive Surgery (ASCRS) meeting, which was held this year in Boston.

Special thank you to our board chair, Dr. Lisa Park for representing Vision Care USA as a panelist during the ASCRS Foundation's International Symposium.

And we are so grateful to all who were able to attend Vision Care's annual dinner later that evening at Mecha Noodle Bar. It was a wonderful opportunity to connect over good food and great company.

Hope you can join us next year!
